COMMENCEMENT—1932

Alumni Day—Alumni Dinner	Saturday, May 21st
Baccalaureate Address	Sunday, May 22nd
Senior Day	Monday, May 23rd
Commencement	Tuesday, May 24th

SUMMER SESSION—1932

Registration Day	Monday, June 20th
Session Ends	Saturday, July 30th

FIRST SEMESTER—1932-33

Registration Day	Monday, 9:00 A. M., September 12th
Classes Begin	Tuesday, 8:00 A. M., September 13th
Thanksgiving Recess Begins	Wednesday, 12 M., November 23rd
Thanksgiving Recess Ends	Monday, 12 M., November 28th
Christmas Recess Begins	Friday, after last class, December 23rd
Christmas Recess Ends	Monday, 12 M., January 2nd
First Semester Ends	Saturday, January 21st

SECOND SEMESTER—1932-33

Second Semester Begins	Monday, 8:00 A. M., January 23rd
Easter Recess Begins	Thursday, after last class, April 13th
Easter Recess Ends	Monday, 12 M., April 24th
Classwork Ends	Thursday, 4:00 P. M., May 25th

COMMENCEMENT—1933

Senior Day	Friday, May 26th
Alumni Day	Saturday, May 27th
Baccalaureate Sermon	Sunday, May 28th
Commencement	Monday, May 29th

Foreword

The Indiana State Teachers College is a state-owned institution devoted exclusively to the preparation of teachers for the public schools of Pennsylvania. Graduation from an approved four-year high school is required for entrance. The following curricula are offered:

- A **Kindergarten-Primary Curriculum** of two years designed primarily to prepare for teaching in grades one, two and three. (See p. 27 for details.)
- An **Intermediate Curriculum** of two years designed primarily to prepare for teaching in grades four, five and six. (See p. 28 for details.)
- A **Rural School Curriculum** of two years designed primarily to prepare for rural school teaching. (See pp. 28-29 for details.)
- A **Four-Year Curriculum** in Kindergarten-Primary education leading to the Bachelor of Science degree in Education. (See pp. 30-32 for details.)
- A **Four-Year Curriculum** in Intermediate education designed primarily for the preparation of teachers for grades four, five and six. (See pp. 32-33 for details.)
- A **Four-Year Curriculum** for the preparation of teachers for rural schools. (See pp. 33-35 for details.)
- A **Secondary School Curriculum** of four years designed primarily to prepare for teaching in junior and senior high schools and leading to the Bachelor of Science degree in Education. (See pp. 35-38 for details.)
- A **Music Curriculum** of four years designed primarily to prepare teachers and supervisors of public school music and leading to the Bachelor of Science degree in Public School Music. (See pp. 38-41 for details.)
- A **Home Economics Curriculum** of four years designed primarily for the preparation of teachers of home economics in public schools and leading to the Bachelor of Science degree in Home Economics. (See pp. 41-45 for details.)
- A **Commercial Curriculum** of four years designed primarily for the preparation of teachers of commercial subjects in public schools and leading to the Bachelor of Science degree in Education. (See pp. 45-49 for details.)
- An **Art Curriculum** of four years designed primarily for the preparation of teachers and supervisors of art in public schools and leading to the Bachelor of Science degree in Art Education. (See pp. 49-51 for details.)

Every student who enters the Indiana State Teachers College must sign a declaration of intention to teach in the public schools of Pennsylvania for not less than two years.

New Arts Building

Physical Education Building

PART I.

General Information for Prospective Students

HISTORY OF THE SCHOOL

LOCATION

BUILDINGS AND EQUIPMENT

STUDENT LIFE AT INDIANA

History of the School

The plan of this Institution was conceived in the sixties, the first money, some twenty thousand dollars, being subscribed for its founding in 1869. The first recognition by the State was through an act of the General Assembly in 1871, but the school was not opened until May 17, 1875. Its first Principal was Dr. E. B. Fairfield, who afterwards, as the first Chancellor of the University of Nebraska, so largely influenced the future of that institution.

Among the notable men present upon the opening of the school was one of Pennsylvania's most famous educators, then State Superintendent of Public Instruction, James P. Wickersham, who stated in his public address that it was his opinion that Indiana's first building was the largest, finest and best-planned structure devoted to normal school education in the United States. A monument to its founders, that building still stands and, in honor of the first President of the Board of Trustees, it is known as John Sutton Hall.

In 1893, there was erected upon our campus a brick residence for men students. In February, 1906, this building was burned to the ground. There were excellent fire escapes, so not only were no lives lost, but there were no serious injuries. The ruins were not cold before the Trustees were planning for a larger and better dormitory. The building stands upon the site of the old one, but is somewhat larger, and is known as Clark Hall, in honor of the Board's second President, the late Justice Silas M. Clark of the Supreme Bench.

In 1893, also, the Board erected, to the northward of the main building, the Model or Training School, and named it, in honor of their third President, the A. W. Wilson Hall. This building contains eight large, airy classrooms, with ample playrooms in the basement for use on stormy days.

The year 1903 marked a strong advance in Indiana's material equipment. The Normal's Recitation Hall was then erected. It stands just to the southward of Wilson Hall, completing the east wing of the quadrangle. The dimensions are a frontage of one hundred and thirty feet and a depth of one hundred and twenty-three. The building is the main recitation hall of the College and contains twenty-four large, beautiful rooms. The Trustees honored themselves by naming this building after one of their widely known and most faithful teachers, Jane E. Leonard.

During that same year (1903) there was erected to the westward of the south wing of John Sutton Hall another most beautiful and imposing structure, one hundred and twenty-three by ninety-two feet in size and three stories high. In the basement of this building is the laundry and storage, while on the first floor are the kitchens, dining-rooms, and the Steward's office; the Music Conservatory occupies the second and third stories. This building is known as Thomas Sutton Hall, in honor of the President of the Board of Trustees.

During the following few years something more than \$60,000 was spent in improving the Institution's plant, the most noteworthy improvement being the erection of a cold storage plant in connection with the kitchen. It enables the school to manufacture its own ice, and to furnish its students at all times with the choicest fresh meats.

During the year 1910 two notable additions to our buildings were made—an annex to the dining hall, seating over two hundred, and an annex to the girls' dormitory, accommodating sixty-two girls. This building is practically fire-proof and no dormitory affords its occupants better rooms for the prices charged.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

During the year 1913 the Trustees bought land off the campus and across the P. R. R., and erected a Power Plant at a cost of \$140,000.00. This Plant has since become inadequate and a new Power Plant was completed in 1927 which is one of the best equipped plants in the Commonwealth. It provides all heat and light and furnishes power for the elevators, ventilating fans, and culinary machinery.

During the year 1914 the Ambulatory around Recreation Hall was built and the Hall itself entirely reconstructed. The "North Annex" to the girls' dormitory was built, providing rooms for seventy girls. The rooms in this annex are larger than those in the old dormitory, and they are better furnished than any other of our rooms; each girl has her own bed, her own desk, and her own study-light. An addition nearly doubling the capacity of the kitchen was built, and more than \$3,000 worth of new kitchen appliances were added.

During the year 1915 an addition was built, that doubled the capacity of the "North Annex." The rooms in the new part are better, however, than those in the part first constructed. In addition to the advantages thus afforded, each room opens into a private dressing room with lavatory supplied with hot and cold water. The entire first floor of the addition to the "North Annex," 101 feet in length, is now occupied by the library.

From time to time additions have been built to our dining-room. Those who have seen many schools announce their opinion that ours is the finest school dining-room in America.

In April, 1920, entire control and ownership of the school passed to the Commonwealth of Pennsylvania. The most notable additions to the physical plant since the school became the property of the State have been the Power Plant, already mentioned, the Physical Education Building, dedicated on May 12, 1928, and the beautiful New Arts Building, first occupied in January, 1931. This building houses the Art, Commerce, and Home Economics Department, one entire floor being given to each department. Many experts have declared that these three departments are the best equipped in the State.

Location

The Institution is fortunate in its location, the site being one of great natural beauty, while the surrounding town is characteristically beautiful and has developed those moral influences so desirable in the seat of an institution of learning. The town has a population of more than 10,000 and maintains churches of the following denominations: Methodist Episcopal, Free Methodist, Episcopal, Presbyterian, United Presbyterian, Catholic, Lutheran, Baptist, Wesleyan Methodist, German Lutheran, and Christian. Growth and improvement have especially marked Indiana in the past few years and bid fair to continue.

The place is reached by rail without difficulty, being the northern terminus of the "Indiana Branch" of the Pennsylvania, the change from the main line being made at Torrance. The Indiana Branch connects at Blairsville with the West Pennsylvania Division. Indiana is also on the Buffalo, Rochester and Pittsburgh, which gives connections with all northern points. The College is within ten minutes walk of either depot. The Pennsylvania stops all trains at the "Campus Landing" on the first day of each semester. Both the railways put on extra coaches at the opening of each semester.

ter in order to accommodate all, if possible, with seats. *Indiana can be reached from any point in Western Pennsylvania in eight hours. It is also accessible from all main highways by excellent cement roads.*

The school owns 34 acres of land of which 23 acres are in its campus. Its natural beauty is greatly enhanced by the constant care of a gardener. It is the belief of the Institution's authorities that such surroundings are a potent factor in the upbuilding of the student's character.

Buildings and Equipment

The original building, John Sutton Hall, has been in use since 1875. Additions have been made until this one building now houses five hundred twenty girls, a number of teachers, the offices, supply room, library, recreation hall, and auditorium. Thomas Sutton Hall, connected with John Sutton Hall, houses the laundry, bake shop, kitchen, dining room, and conservatory of music. Clark Hall is another dormitory for girls and is located a short distance from Thomas Sutton Hall. On adjacent streets are eighteen residences that are used for students.

Jane Leonard Hall is a building devoted exclusively to class room purposes.

Wilson Hall houses the Campus Training School. A cooperative arrangement for student teaching in the public schools of Indiana has existed for a number of years. Student teaching is also done to a limited extent under cooperative arrangements in Johnstown, Altoona, Kittanning, Punxsutawney, Latrobe, and Blairsville.

The power plant furnishes heat, light, and power for the school.

There is a library with about 18,000 usable volumes. Magazines and newspapers are available. Every student is given instruction in the use of the library.

There are adequate laboratories for all types of science work, art, home economics, and commercial subjects. New laboratories are being added for bacteriology, biology, chemistry, nature study, and physics.

There is a well equipped infirmary in charge of two trained nurses. A residence serves as an isolation hospital for contagious diseases.

The dining-room, kitchen, and bake shop provide food for more than 1000 persons. The laundry is of equal capacity.

The Physical Education Building contains two gymnasiums, a swimming pool, and other facilities for health instruction and recreation.

The new power plant is one of the best in the State and is equal to all demands.

The new arts building which was started in May, 1930, has been completed and is occupied by the Home Economics Department, Art Department and Commercial Department. Each one of these Departments occupies an entire floor. The building was planned with the specific work of each of these departments in mind. It is a modern, fire-proof structure. It has served to relieve the congestion in Jane Leonard Hall, and has made possible some very needed improvements in that building.

Student Life at Indiana

LIVING

The State Teachers College is primarily a *dormitory* school. It admits as Day Students, only those who live with parents or near relatives. The school has rooms for 700 young women. When these are filled, the school rents suitable and nearby rooms for young women students who come to the college dining-room for their meals. Such students—"cottagers" they are called—are under the same regulations as students in the school's dormitories.

Students whose homes are not in Indiana and who desire to live with relatives in Indiana as Day Students must have the approval of the President in advance of registration. Under no circumstances are students permitted to room or board with private families, not immediate relatives.

Young men students who are not Day Students room at private homes in rooms rented by the school, or in fraternity houses and take their meals in the college dining room.

LAUNDRY

The laundry of all Boarding Students—to the extent of ten plain pieces per week, plus towels and napkins—is done in the college laundry. All pieces sent to the laundry must be plainly marked with the owner's name. Name tapes sewed on articles of clothing constitute the best identification. A laundry bag should be owned and used by every student.

An excellent laundry and ironing room, with up-to-date equipment is maintained in the basement of John Sutton Hall for the free use of women students.

SUPPLIED BY STUDENTS

All students who live in school dormitories and all students who are assigned to rooms at private homes must provide themselves with blankets and comforts as the college and house mothers furnish only the linen and counterpanes. Such students must also provide window curtains, soap, towels, and needful toilet articles.

All students who take meals in the college dining room should bring with them an adequate supply of table napkins.

UNIFORM FEES, DEPOSITS, AND REPAYMENTS IN THE STATE TEACHERS COLLEGES

Effective June 1, 1930; Revised by the Board of Presidents, State Teachers Colleges, and Approved by the State Superintendent, January 22, 1932

A. FEES

I. Enrollment and Service Fee

- (a) Regular terms, \$20 each semester
- (b) Summer Session, \$15
- (c) A Registration fee of \$5 per semester hour for off-campus instruction

Except for (c) above, this fee covers registration and keeping record of students, library, athletics, lectures, entertainments, student welfare, health service, (other than extra nurse and quarantine), non-instructional personal service (as in gymnasium), laboratory, and the college paper.

II. Damage Fee

Students shall be responsible for damages, or breakage, or loss, or delayed return of college property.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

III. Infirmary Fee

After three days in the college infirmary, the college shall charge an additional \$1.00 for each day.

Day Students who may be admitted to the infirmary shall pay board at the rate of \$2.00 a day. This charge includes the regular nurse and regular medical service, but does not include special nurse or special medical service.

IV. Isolation Hospital Fee

If the college maintains an Isolation Quarantine Hospital for contagious diseases, the college shall charge \$10 per week additional, but this charge does not include trained nurse or special medical service.

Day students, who may be admitted to the Quarantine Hospital, shall pay the board rate of \$2.00 a day (See III above), and in addition shall pay \$10 a week, but this additional charge does not include trained nurse or special medical service.

V. Housing Fee

1. Housing rate for students:

The housing rate for students shall be \$72 per one-half semester and \$48 for the Summer Session. This includes room, meals and limited laundry.

(a) For rooms with running water an additional charge of \$9.00 per student per semester or \$3.00 for the Summer Session may be made.

(b) No reduction in the rate is to be made for laundry done at home nor for students who go home for a few days at a time.

(c) A student may, at the discretion of the President of the college, occupy a double room alone by paying an additional \$36 a semester or \$12.00 for the Summer Session.

2. Housing rate for employes other than those included in the State Classification schedule (Faculty, clerks, etc.) shall be \$10.00 per week.

3. The rate for transient meals shall be:

Breakfast \$.40; Lunch \$.40; Dinner \$.50.

VI. Tuition Fee

Students whose residence is out of the state, shall be charged a fee of \$105 per semester; \$35 per summer session. (It is understood that this fee has been operative since June 1, 1929, for entering students only).

VII. Special Instruction Fee

1. Fees in the special departments (at those colleges maintaining these special curricula) shall be as follows:

Music	\$72 per semester or \$24 for Summer Session
Home Economics ..	36 per semester or 12 for Summer Session
Art	18 per semester or 6 for Summer Session
Health	18 per semester or 6 for Summer Session
Commerce	6 per semester or 2 for Summer Session
Industrial Arts	18 per semester or 6 for Summer Session

The fees outlined above are payable one-half semester in advance; summer session fee is payable entirely in advance.

2. Out-of-state students registered in one of these special curricula shall pay the fee of the department as above in addition to the \$105

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

semester fee and/or the \$35 Summer Session Fee regularly charged. (See VI above.)

3. The charge for private lessons in music, in the State Teachers Colleges maintaining the special curriculum in music, shall be:

- (a) Voice, piano, band or orchestral instruments, \$24 per semester—for one lesson per week.
Pipe organ, \$42 per semester—for one lesson per week.
- (b) Rental of piano for practice, 1 period per day, \$6.00 per semester.
Rental of pipe organ for practice, 1 period per day, \$36.00 per semester.
Rental of band or orchestral instruments, \$6.00 per semester.

VIII. Degree Fee

A fee of \$5.00 shall be paid by each candidate for a degree.

IX. Record Transcript Fee

One dollar (\$1.00) shall be charged for the second and each subsequent transcript of records.

X. Delinquent Accounts

No students shall be enrolled, graduated or receive a transcript of his record until all previous charges have been paid.

B. DEPOSITS

I. Advance Room Reservation Deposit (Dormitory Students):

A deposit of \$10 shall be made by prospective dormitory students when they request room reservations. This is a guarantee of the intention of the student to enter college for the term or semester designated. It is deposited with the Revenue Department to the credit of the student's housing fee. If, however, the student notifies the college three weeks before the opening of college that he is unable to enter, the repayment will be made through the Department of Revenue, on application from the student through the college authorities. If notice is not thus given the deposit cannot be returned.

Check or money order for this account must be drawn to the Commonwealth of Pennsylvania.

II. Advance Enrollment Deposit (Day Students):

Day students desiring to reserve advance enrollment shall deposit \$10. This is a guarantee of the intention of the student to enter college for the term or semester designated. It is deposited with the Revenue Department, to the credit of the student's enrollment and service fee. If, however, the student notifies the college three weeks before the opening of college that he is unable to enter, the repayment will be made through the Department of Revenue, on application from the student through the college authorities. If notice is not thus given the deposit cannot be returned.

Check or money order for this account must be drawn to the Commonwealth of Pennsylvania.

C. NO OTHER FEES OR DEPOSITS PERMITTED

No fees or deposits, other than as specified above, may be charged by a State Teachers College.

D. REPAYMENTS

I. Repayments will not be made.

- 1. To students who are temporarily suspended, indefinitely suspended, dismissed or who voluntarily withdraw from College.
- 2. For any part of the enrollment or service fee for any cause whatsoever.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

- II. A repayment will be made for personal illness, the same being certified to by an attending physician, or for such other reasons as may be approved by the Board of Trustees for the amount of the fees paid by the student for the part of the semester which the student does not spend in College.
- III. The Advance Room Reservation Deposit or the Advance Enrollment Deposit will be returned to students provided they notify the college not less than three weeks before the opening of the semester or term of their intention not to attend.

TABLE OF RATES

	First Semester	Second Semester	Summer School
Enrollment and Service Fee	\$ 20.00	\$ 20.00	\$ 15.00
Board, Room, Laundry	144.00	144.00	48.00
Home Economics Students—Fee	36.00	36.00	12.00
Music Curriculum Students—Fee	72.00	72.00	24.00
Art Students—Fee	18.00	18.00	6.00
Commercial Students—Fee	6.00	6.00	2.00
Students whose residence is out of the State	105.00	105.00	35.00
Sheepskin Fee for B. S. Degree	5.00	5.00	5.00
Extra-room Rent (Rooms with running water)	9.00	9.00	3.00
Books about	20.00	20.00	10.00

HOW TO PAY BILLS AND CHARGES

All bills, including the enrollment fee, board, room and laundry, extra room rent, special department fees, are payable at least nine weeks in advance. Book Room business is on a cash basis.

Bank Drafts, Checks, Express and P. O. Orders are accepted.

Students will not be permitted to enroll for the second semester, or any later semester, until all bills previously incurred have been paid, nor will credit be certified to other institutions or to the Department of Public Instruction until all accounts due have been paid.

Students desiring to leave school before the close of a semester must report to the President and settle all unpaid accounts.

Visitors expecting to remain more than three days are requested to make arrangements in advance with the President.

Meal tickets for visitors can be obtained in the Business Office or from the Steward's Office.

All checks should be made payable to Commonwealth of Pennsylvania.

STATE SCHOLARSHIPS

Holders of State Scholarships may attend State Teachers Colleges provided they take courses leading to the Bachelor of Science Degree.

EQUIPMENT FOR PHYSICAL EDUCATION

Indiana has always been proud of the appearance of her students, and the following gymnasium and pool equipment has been adopted, and should be purchased in the College Book Room.

For Girls—The costume for girls will be—2 gymnasium blouses, 1 blue cotton knicker bloomer, 2 pair white cotton hose, 1 pair gymnasium shoes, 1 worsted tank suit, 1 swimming cap.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

For Boys—The costume for boys will be—2 white cotton jerseys, 2 white running pants, 1 pair light wool socks, 1 pair gymnasium shoes (Keds), 1 worsted tank suit.

Some students may wish to use the swimming cap that they already possess. The following colors will be required: for beginners, red; for those who swim a little, green; for the swimmers, blue; and white for the life savers.

VACATION CHARGES

Students remaining at the school during the Thanksgiving, Christmas, Easter or Summer Recesses will be charged at the transient rates.

GUESTS

Student and teachers are responsible for meals of their guests at current transient rates. All visitors staying in the college buildings over night must be registered with the Dean of Women by the person or persons entertaining them. This privilege applies only to young women of school age. Students may accompany mothers or older relatives to the hotel for meals or over night, arrangements having been made in advance with the Dean of Women. The buildings are closed to guests at 11 P. M.

HOW ROOMS ARE ASSIGNED

Students in school at the close of any school year have rooms assigned to them as follows: if girls desire to keep the rooms they have, these rooms are assigned to them. At a meeting the remaining rooms are put up in order of desirability. If two or more groups of girls desire the same room the groups draw lots for it. This process continues until all girls in school are assigned to rooms for the following year.

Entering students are assigned to rooms in the order in which their applications are received and as nearly in accordance with their preference as is possible.

HOW TO SECURE ROOM ASSIGNMENT

All entering boarding students are required to pay \$10.00 in advance for the reservation of a room. This is due when the Application for Entrance Blank is made out. (This will be sent on request to any prospective student). This amount is credited on the following semester's enrollment and service fee. Students in school at the end of any year who reserve rooms for the following year must pay the Room Reservation Deposit by July 1st or their assignment to a room is cancelled and they take their place on the list of entering students. Students are not permitted to room alone except as indicated on page 11.

Advance Reservation Deposits will be returned to students provided they notify the college three weeks before the opening of the semester of their intentions not to attend.

Rooms are not held for students beyond the first day of the semester or term unless arrangements have previously been made.

DISCIPLINE

The Teachers College exists for the purpose of preparing young people for the vocation of public school teaching. The Commonwealth has by law declared the State Teachers College a part of the public school system.

The foregoing purpose determines the organization and administration of the college. The Institution aims to be *formative* rather than *reformatory*. There is work for students to do. There is also recreation for them. "Good work well done" ought to be the student's ideal. The Commonwealth does not want laggards or incompetents in its public schools as

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

teachers. The teacher inevitably has influence. Therefore, the moral fibre of the prospective teacher is all important. *It is the policy of the Institution to ask the withdrawal of students whose conduct is not exemplary, who have demonstrated their inability to do the class work of the Teachers College, or who have shown weakness in student teaching.*

DORMITORY REGULATIONS

There are inevitably many regulations that pertain to the dormitory life of students. These are too numerous and complicated to be published in a catalog. They are fully explained to students at the college. The authorities feel that there is not a single unreasonable regulation regarding dormitory life. If there be one, the authorities will gladly change it.

RELIGIOUS INFLUENCES

This college is not denominational in any sense. Its authorities, however, aim to make it a place of positive Christian influence. To this end, students are required to attend the church of their own choice on Sunday mornings.

The Y. M. C. A. and the Y. W. C. A. aid in the religious culture of all students in the Institution. Endeavor is made to promote Sabbath observance. Students are thus encouraged to become Christian workers, and school life is made to minister to the elevation of Christian life. Besides these associations, there are various others of a practical type and in a highly prosperous condition. The denominations that maintain churches in Indiana have already been mentioned. There is a Vesper Service each Sunday evening which all boarding students attend. A fine recreational room has been set apart for the boys under the control of the Y. M. C. A.

THE LECTURE COURSE

The Institution maintains an excellent free lecture course for its student body. On this course is always to be found the best obtainable talent. During the past season our students had the privilege of hearing, among others: Dr. Edward Howard Griggs, Ralph Parlette, and Doctor H. I. Jones.

Student Organizations

LEONARD LITERARY SOCIETY

The Literary Society has a membership of eleven hundred sixty students. The meetings are held every Monday evening at seven o'clock in the College Auditorium. Interest in these meetings is stimulated in one way only; through excellence of programs. Many one-act plays are presented by the members. The greatest possible number of students participate in these and other performances so that skill and originality in program building as well as ease in public appearances may be developed.

A small annual fee is charged each member, which makes it possible to present each year some of the best professional literary talent. This talent has recently included the English poet, Alfred Noyes; the internationally applauded, Ruth Draper, in her famous character sketches; Charles Rann Kennedy, playwright and actor, and Edith Wynn Matthison, a Shakespearian star; the artistic reader of ballads, Sydney Thompson; Phidelah Rice, and Henry L. Southwick; Mr. E. H. Southern; Tony Sarg's Marionettes; Cornelia Otis Skinner; Admiral Richard E. Byrd; Carola Goya; George Russell; the Abbey Players of Dublin, and the Jean Gros' French Marionettes.

THE MIXED CHORUS

This is an A Capella chorus composed largely of experienced voices. Its repertory of recognized value is selected to fill the need in teacher preparation as well as for the artistic growth of the individual.

THE VESPER CHOIR

The Vesper Choir is a girls' organization. Through it, every girl in the music department is given two years of serious study in the highest type of sacred musical literature. The work is largely A Capella. This organization furnishes music for the Sunday evening Vesper Service.

THE MEN'S GLEE CLUB

The aims of this organization are to afford personal enjoyment through participation in ensemble singing, and to contribute to the public enjoyment by appearing at various college functions.

THE COLLEGE ORCHESTRA

The College Orchestra is an organization of symphonic proportions playing a repertory of standard, classic and modern works. Membership is open to any student of the college who has gained suitable proficiency on his instrument. Therefore, a student coming to Indiana with orchestral experience is encouraged to bring his instrument and apply for membership in this organization.

THE COLLEGE BANDS

The college has two bands. The Senior Band, an organization of concert proportions, and the Junior Band. Any student in the college who has gained suitable proficiency on his instrument is encouraged to apply for membership in one of these organizations. The Bands have won for themselves a recognized place in the social and recreational life of the school.

FRATERNITIES

Five national fraternities of professional character now have chapters at Indiana. The Phi Alpha Zeta Fraternity was organized as a national educational and social fraternity June 4, 1927. Alpha Chapter had been active on the campus as a local organization since 1908. A chapter of Phi Sigma Pi, a national educational fraternity, was established at Indiana April 30, 1929. It took the place of the Omega Chi Fraternity, a local organization founded in 1909. The Alpha Chapter is at Kirksville, Missouri. Pi Chapter of Sigma Tau Gamma, a national educational and social fraternity, was established on November 8, 1930. The Alpha Chapter is at Warrensburg, Missouri.

In 1928, a chapter of Alpha Phi Gamma, a national honorary journalistic fraternity, was established on the campus. Its purpose is, "To unite in a congenial group, students who are interested in the higher forms of journalism." Membership is open only to those who have served on the staffs of college publications and who maintain a high scholastic standing. The Beta Gamma Chapter of Kappa Delta Pi, an educational honor fraternity open to both men and women, was inaugurated in 1928. Only Juniors and Seniors of high scholastic attainments are considered for membership.

SORORITIES

Five national professional educational sororities have chapters on the campus: Alpha Sigma Alpha, Sigma Sigma Sigma, Delta Sigma Epsilon, Alpha Sigma Tau, and Pi Kappa Sigma. Only students who have completed sixteen semester hours of work with a "C" grade average and no failures are eligible for membership. The sorority life offers opportunities for the growth of congenial friendships and the fostering of the highest ideals for womanhood. Broadening contacts are furnished through association with alumnae members and inter-collegiate affiliations.

OTHER ORGANIZATIONS

In addition to the activities listed above the following regular organizations have been approved and function very actively throughout the year on the campus: Alpha Omega Geographers Club, Art Club, Elementary Degree Club, Home Economics Club, Intermediate Club, Junior Chamber of Commerce, Junior-Senior High School Club, Lincoln Debating Team, Mathematics Club, Men's Fellowship Club, Mother Goose Club, Newman Club, Prigrind Club, Poetry Club, American College Quill Club, Science Club, Astronomy Science Club, Sci Hi., Social Science Club, Travelers Club, Y. M. C. A., and Y. W. C. A.

ATHLETICS

Clean wholesome athletic rivalry has a place in life, therefore a place in the preparation of teachers. Indiana has no inducements of any kind to offer athletes, except the studies of the school and the social and developmental values that accrue from participation in well-coached competitive games.

College football, basketball, baseball, track and tennis are maintained for the boys. The college sport for girls is tennis. Swimming teams for both boys and girls are now possible because of the pool in the gymnasium.

Intramural athletics are emphasized at Indiana. This form of athletics makes possible the selection of college material, and gives all students a chance to learn the fundamentals of the major sports, as well as to derive the physical, mental and social benefits of organized team play.

The Women's Athletic Association has charge of the intramural program for the girls. Its aim is to interest each girl in some sport and it therefore offers activities of all types ranging from individual hiking, swimming, horse-shoes, track and field, tennis, volley-ball to field-hockey, basketball and baseball.

Indiana believes thoroughly in athletics as a means to an end—but not as an end in itself. Every student is given an opportunity to participate in athletics for the value it will be to him.

REGULATIONS GOVERNING ELIGIBILITY TO PARTICIPATION IN ATHLETICS

1. That the Constitution of the Pennsylvania State Normal School Athletic Association as previously adopted be null and void and that, as provided by law, the action of the Board of Presidents when approved by the State Superintendent of Public Instruction be binding upon all of the Colleges.
That the following provisions of the Constitution as already adopted be retained and incorporated into Rules and Regulations Governing Athletic Competition of the Pennsylvania State Teachers Colleges.
1. The President of each college shall be responsible for its athletics. He or his authorized representative shall accompany any team which represents the college in any athletic contests.
2. No student who has completed the number of credits required for graduation in his curriculum, or who has been in attendance more than three years in his curriculum, or who is not maintaining a passing grade in at least thirteen (13) semester hours of work, shall be eligible to compete in any contest.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

3. A student to be eligible must have secured a passing grade in at least 13 semester (credit) hours of work during the quarter preceding each respective sport. It is permissible for a school to have a system involving more frequent reports. In all cases exclusion from teams shall be for a period equal to the period covered by the report. Such period to be not less than three weeks in length.
4. No student who has competed under a false name, or who is receiving money or other valuable consideration, either directly or indirectly for competing in athletic contests, is eligible to take part in any contest.
5. No student shall be permitted to compete who did not enter his or her respective school on or before October first in the first semester, or on or before February twentieth in the second semester.
6. No member of a college team shall be permitted to engage in athletic contests other than those participated in by the college of which he or she is a member during the school year.
7. At least four days before every official game, eligibility lists, certified by the Presidents of the competing schools, shall be exchanged.
8. Effective immediately, no student transferring from any institution of collegiate rank to a State Teachers college shall be eligible for any intercollegiate competition until after a year in residence.
9. The Committee further recommends that any monies in the hands of any treasurer be returned pro-rata to those colleges which contributed.

CAP AND GOWN

The regulation cap and gown, sanctioned by the Intercollegiate Bureau and Registry of Academic Costume, are worn by Degree Seniors of this College, upon the proper occasions.

THE ALUMNI

Indiana's Alumni—about 8,000 of them—are the students of yester-years. Their love for and devotion to Indiana is the best proof that student life at Indiana is fine and enjoyable. Prospective students are urged to ask any graduate of Indiana about conditions at the college. It is the excellence of the work of Indiana's Alumni that gives reputation to the college.

Suggestions for Entering Students

PRELIMINARY

The prospective student should send for an Admission Blank. This blank should be properly filled out and returned with the "Room Reservation Deposit" of ten dollars. Rooms are assigned in the order in which applications are received.

The trunks are delivered in the basement of John Sutton Hall. Students identify their trunks and place their room number thereon. Porters deliver the trunks directly to the students' rooms. Students living outside of the building mark their trunks with the street address and the school's dray delivers them.

The time between terms is very short for getting the dormitories again in readiness for students. For this reason the residence halls are not open until the opening day.

FRESHMAN MEETING

All students will report for registration, classification and other activities, Monday, September twelfth. A general meeting of all Freshmen will be held in the Auditorium at 7:30 p. m. that evening.

ON ARRIVING AT INDIANA

All Pennsylvania trains stop at the campus on the opening day. The college is about ten minutes walk southwest of the Pennsylvania station and the Interurban station and about the same distance southeast of the B. R. & P. Station.

The following suggestions will prove helpful:

- 1—Take all baggage checks to the College Book Room and pay for the delivery.
- 2—See the Registrar and pay your fees. (In the Library).
- 3—See the Dean of Women (or Men) and get your room.
- 4—Get your program made out. The place will be indicated in the "directions" handed to the students on registration day.
- 5—Books are secured at the College Book Room. Please do not endeavor to obtain books until classes have met and a correct list of books needed has been made out.
- 6—Credits are evaluated by the Dean of Instruction.
- 7—The President's office is always at your service.

YOUR PART

The Indiana State Teachers College maintains a high standard of excellence both as to scholarship and as to attainment of skill in teaching. This high standard is possible only by earnest work on the part of the students. Those who enter the Indiana State Teachers College should understand that opportunity entails responsibility and that only earnest, conscientious students are desired. Indiana definitely limits the amount of extra work which any student may carry to three semester hours beyond the regularly specified amount, and the privilege of taking this is granted only to students of exceptional ability.

VISITS

Success demands concentration of thought. This is prevented by frequent visits at home or elsewhere, and usually time thus spent greatly hinders the progress of the student. The student must decide between sacrificing his school work and limiting the number of his visits.

ELECTRICAL AND HEATING APPARATUS

Students are not permitted to use or to have stoves, electric irons or heaters or cookers, or any preparation for producing fire or heat in their rooms. The school provides facilities for laundry work, and a "Candy Kitchen" for whatever cooking is necessary for "spreads."

THE RIGHT ATTITUDE

It is the school's interest and purpose to serve you, but this it can do but poorly unless you conform to the life of the Institution. Make up your mind to get all the good out of school you can. Come with the purpose of being happy in your work, of getting acquainted and entering heartily and cheerfully into the complete life of the college, making it all yours.

Rural Curriculum

Four-Year Primary Curriculum

Four-Year Intermediate Curriculum

Four-Year Rural Curriculum

Secondary School Curriculum

PREPARATION FOR TEACHING IN SPECIAL FIELDS:

The Art Curriculum

The Commercial Teachers Curriculum

The Home Economics Curriculum

The Music Curriculum

THE SUMMER SCHOOL

Summary of Requirements for Admission

At their meeting in March, 1926, the Board of Normal School Principals adopted certain regulations in regard to the admission of students, advanced standing, and residence requirements. The following statements cover the application of these regulations to the Indiana State Teachers College.

Admission shall be on a basis of graduation from an approved four-year high school or equivalent training in an approved private secondary school. Graduates of senior high schools in a school district maintaining an approved junior high school organization will be admitted on evidence of twelve units of preparation earned in grades 10, 11 and 12.

Any student applying for admission to any department of the College must meet the above requirements or be the holder of an equivalent high school certificate. This certificate is issued by the Credentials Bureau of the State Department of Public Instruction. The College has nothing to do with the issuing of this certificate except that students who do not possess the standard requirements for admission may have their credentials assembled by this school and forwarded to the Credentials Bureau. This applies particularly to former graduates and students of this and other normal schools or teachers colleges who wish to enter this school as candidates for degrees. Every such student should forward to the College a full official report of all work taken in other schools and this, together with an official transcript of work formerly taken here, will be forwarded to the Department of Public Instruction. When a report has been received the full record of his high school status and of his advanced standing toward a degree will be sent to the student. This should be checked up in advance and not left until the student enters school.

In the case of students who have attended high schools, or other schools, of less than four-year approved standing, the Credentials Bureau has made the following regulations:

"Graduates of approved two-year high schools are entitled to not more than eight units of credit and graduates of approved three-year high schools to not more than twelve units of credit toward the standard admission requirement; provided, however, that such students, or other students having irregular entrance qualifications, may take examinations in additional subjects taken in course in county superintendents' offices in all counties having such students at the close of the school year. These examinations will be given under the direction of the Credentials Bureau of the Department of Public Instruction, under a cooperative plan adopted by the Board of Normal School Principals, January 15, 1926. In case of failure in a subject, or subjects, the student after additional study during the summer, may take a second examination in August at one of the normal schools or at any one of the centers where State examinations are regularly conducted, namely, Philadelphia, Harrisburg, Pittsburgh, and Scranton.

"Under this arrangement students who complete the work of a four-year high school with a three-year rating may take examinations in fourth-year subjects and thereby receive credit equivalent to that of a four-year high school; graduates of three-year high schools with a two-year rating may take examinations in third-year subjects for credit in three years of approved high schools work. All inquiries should be addressed in the Credentials Bureau, Department of Public Instruction, Harrisburg, Pa."

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

Graduates of approved four-year high schools or of approved equivalent secondary schools should fill out and mail to the Registrar the Student's Application Blank as early as possible. This blank calls for the name of the high school, or other approved school, from which the applicant has been graduated and the name of the present principal of the school. The Registrar will then send to the principal a blank for a complete report of the high school record of the student and *the registration of the student is not completed until this high school record is received and approved*. This applies both to *Day Students and Boarding Students*. This registration for the first semester should be completed *not later than August fifteenth*. Any student applying after that date will have to wait until time is allowed for securing his high school record and evaluating it. No such student will be enrolled until his registration is completed in the regular way and no assurance can be given him that he will be admitted.

Students ranking in the lowest fourth of their high school graduating class will not be admitted and those from the lowest third can be admitted only "on probation" if at all.

Advanced Standing. Advanced credit will be given for equivalent courses completed in approved institutions of collegiate grade, but no student may obtain a normal school certificate or degree without a minimum residence of one-year in this school. A student transferring from another school will be required to present a statement of honorable dismissal from the school which he leaves and evidence of ability to do satisfactory college work.

HEALTH REQUIREMENTS

The usual health certificate required by law for the certification of teachers shall be presented by all applicants for admission.

The defects which handicap our students most are malnutrition, impaired vision, defective hearing, defective speech, decayed teeth, nasal obstructions, diseased tonsils, obesity, and unstable nervous systems. Deformities, visible birthmarks, and unfortunate personalities may also be handicaps.

Since many more students apply for admission each year than the present equipment will permit us to enroll, we reserve the right to reject any student who in the judgment of our examining physicians has any of these health handicaps.

Applicants will be rejected upon the following basis:

MEDICAL

a. Incurable defects or disease of:

1. The blood or blood forming organs, (2) heart, (3) lungs, (4) kidneys, (5) digestive system, (6) nervous system including hysteria, epilepsy, nervous instability, (7) skin, (8) organs of the special senses, (9) thyroid, (10) muscular system.

b. Refractive error of marked degree.

c. Permanently impaired hearing.

d. Chronic inflammatory conditions of nasal mucous membrane accompanied by disagreeable odor.

e. Advanced dental decay, loss of teeth and pyorrhea.

f. Abnormalities of menstrual function.

g. Marked speech defects.

PHYSICAL

a. Noticeable and unsightly deformities of skeleton.

b. Wry neck.

c. Marked malnutrition.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

- d. Marked obesity.
- e. Painful flat foot.
- f. Visible birth marks or unsightly growths of skin or subcutaneous tissues.
- g. Permanently stiff or immovable joints.
- h. Paralysis, atrophy.

Students will be accepted on condition when the following health handicaps are found, with the understanding that these handicaps will be removed or corrected within five (5) months from the opening of the semester:

- 1. Functional disorders of the digestive system.
- 2. Diseases of the skin.
- 3. Defective vision.
- 4. Occlusion of nasal passages.
- 5. Disease or hypertrophy of tonsils.
- 6. Dental decay of moderate degree, gum abscesses, leaking crowns.

CORRESPONDENCE AND EXTENSION WORK

No credit can be given for correspondence or extension work toward the two-year curricula unless such work was completed previous to September, 1926. Credit for extension work in certain subjects up to a total of not to exceed eighteen semester hours may be accepted toward the requirement for a degree. No correspondence work is accepted.

EXPLANATION OF GRADES

"A" indicates an excellent grade of work.

"B" indicates a good grade of work.

"C" indicates a fairly satisfactory grade of work.

"D" indicates a low grade of passing work.

"F" indicates a failure and no credit shall be given for the course so marked until it has been repeated in the regular way.

"I" is given to students who because of absence on account of personal illness or other entirely satisfactory reason have been unable to complete the required work, but who have been doing in general a satisfactory type of work. This mark must be removed within one month of regular work after the students return to school or become a failure. Upon completing the required work the student may receive any mark to which the teacher feels he is entitled.

A system of Quality Points has been established, as follows:

(1) There are required for graduation a number of quality points equal to the number of semester hours of credit required in the course being pursued. Students who receive advanced standing are required to have one quality point only for each semester hour that is done in this school.

(2) An "A" mark gives 3 quality points for each semester hour of credit so marked; a "B" mark gives 2 quality points for each semester hour of credit so marked; a "C" mark gives 1 quality point for each semester hour of credit so marked; and a "D" mark gives 0 quality points. This means that a student must secure at least a "C" average in order to graduate.

CHANGE IN POLICY RELATING TO COMMENCEMENT EXERCISES

Three Commencements are held each year, at the close of the second semester, at the close of the summer session, and at the close of the first semester. This means that only those students who have actually completed their courses will be permitted to take part in any given Commencement.

THE THREE TWO-YEAR CURRICULAR FOR
ELEMENTARY TEACHING

Group I—Kindergarten-Primary—for teachers of Kindergarten and Grades 1, 2 and 3—2 years in length.

Group II—Intermediate—for teachers of Grades 4, 5 and 6—2 years in length.

Group III—Rural—for teacher of rural schools—2 years in length.

The great majority of students at Indiana are pursuing four-year curricula, leading to degrees, and it will be only a short time before every graduate will be required to have a degree. Every entering student is strongly advised to enroll in one of the curricula leading to a degree, but some students are unable to do this and for these students the two-year curricula are still open.

The work of the first semester is the same for all students. A part of the work of the first semester is to acquaint students with the requirements for successful teaching in the different grades so that they may be able to decide intelligently in what grade or grades they prefer to teach. The course entitled "Introduction to Teaching," which includes observation and participation in the training school, is especially designed to aid students in a wise selection of a curriculum.

At the end of the first semester students who plan to be in the College for two years only are asked to select one of the three curricula for the purpose of specializing in a specific field of teaching. The work of each curriculum must be completed in its entirety. Students may be granted the privilege of changing from one curriculum to another only on condition that the prescribed courses of any curriculum so selected must be completed before a certificate of graduation is granted.

Two-Year Curricula

Adopted by Board of Normal School Principals
March 18-19, 1926

Kindergarten-Primary Curriculum

NOTE:—The first figure following a subject indicates the number of 50 minute class periods per week. The second figure indicates the number of semester hours of credit allowed for the successful completion of the course. Figures in parentheses indicate sequential courses in a given subject.

REQUIREMENT FOR GRADUATION FROM TWO-YEAR CURRICULA AND CREDENTIAL

The completion of the 68 required semester hours in a two-year curriculum entitles the student, who meets all other legal requirements, to the Normal School Certificate which is a valid state license to teach in the elementary schools for two years. On the completion of two years of successful teaching, the holder of a Normal School Certificate is granted the Normal School Diploma which is a valid life license to teach in the elementary schools of Pennsylvania.

NEW DEGREE CURRICULA IN THE ELEMENTARY AND SECONDARY FIELDS

Adopted by the Board of Teachers College Presidents and Approved
April 29, 1931

1. During the past year the Board of Teachers College Presidents adopted new four-year curricula for the preparation of teachers in the fields of Kindergarten-Primary, Intermediate, Rural, and Secondary Education. These lead to the degree of Bachelor of Science in Education and the College Provisional Certificate in the appropriate field.

2. Graduates of the two-year Primary or Intermediate curriculum who return to complete requirements for the degree will have their former credits evaluated for the field in which each wishes to secure his degree.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

3. All persons who have completed the work of the two-year Kindergarten-Primary or Intermediate curriculum are admitted to junior standing for a degree, provided they are graduates of an approved, four-year high school. The exact number of hours credit granted will depend upon the curriculum which the student has completed and the one in which he wishes to secure his degree. Those who become candidates for the degree in the elementary field will secure two full years' credit but those who transfer to the secondary field will lose some credit, usually from four to ten hours.

4. All credits for work less than that required at a State Normal School for graduation between September, 1920, and September, 1926, shall be evaluated by multiplying the number of semester hours already earned by .85.

5. All persons who were graduated from a State Normal School prior to September, 1920, and who have had a four-year high school preparation, cannot be awarded more than 68 semester hours of credit for their normal school work prior to graduation.

6. Students who were graduated from the State Normal Schools before four years of high school preparation was required, and who still lack this requirement, may apply to the Credentials Bureau, Harrisburg, Pennsylvania, for a high school equivalent certificate, which, when issued by the Credentials Bureau, will be accepted by the State Teachers Colleges as equivalent to graduation from a four-year high school and all credits earned at a State Normal School prior to September, 1926, will be evaluated as indicated above.

7. Former graduates of a two or three-year curriculum at the State Teachers College, Indiana, and who become candidates for a degree from this school, must do at least one-half the work required beyond previous graduation at Indiana. An amount up to one-half the required work may be transferred from other accredited schools provided the courses pursued are the same or equivalent to the required courses here.

FOUR-YEAR CURRICULUM FOR THE PREPARATION OF
TEACHERS FOR THE SECONDARY SCHOOL

The State Teachers College at Indiana has for some time given special attention to the important work of preparing teachers for High Schools. In the present course leading to the degree of Bachelor of Science in Education careful provision is made for the preparation of thoroughly qualified teachers for all fields of secondary school work. A study of the following curriculum and the list of electives on pages 37 and 38 will show that it provides these important features: a broad general foundation in the fields of secondary education; a thorough grounding in the science of education; from twenty four to thirty-six hours of intensive study in each of two fields of high school work; and lastly, a full semester's practice teaching under expert supervision in the fields of the student's choice. This combination produces a teacher who is not merely a subject-matter expert but who knows the sciences that lie back of successful teaching and has had a chance to apply these sciences under expert guidance.

The demands for teachers from this department has been increasing steadily as superintendents and school boards come to realize the value of four years of real professional training for the specific work to be done. It offers splendid opportunities for young men and women who wish to enter the field of teaching in Junior and Senior High Schools, no matter what their plans for later teaching may be. It is especially recommended to those young men who have the personal and intellectual qualities to fit them for the splendid opportunities that are now offered in the administrative and supervisory fields of public education.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

REQUIREMENT FOR GRADUATION AND CREDENTIAL

The credential to be awarded on the completion of the 131 semester hours of the foregoing curriculum is the degree of B. S. in Education and a college provisional certificate which entitles the holder to teach in any public high school any subject in which he has earned 18 or more semester hours of credit and the subjects of the elementary curriculum in the seventh and eighth grades. After three years of successful teaching and the completion of six semester hours of additional training, the college provisional certificate is changed to a college permanent certificate.

ELECTIVE FIELDS FOR PROSPECTIVE HIGH SCHOOL TEACHERS

The person who is to teach successfully in the Junior or Senior high school must have, *in addition to what has been prescribed*, a special preparation of 18 semester hours in each of two elective fields. There are electives in seven fields.

ELECTIVE ARRANGEMENT OF FOUR-YEAR SECONDARY CURRICULUM

ENGLISH

*Philology and Grammar	3 — 3
*Contemporary Poetry	3 — 3
*Intensive Course in Shakespeare	3 — 3
*Modern Novel	3 — 3
Short Story	3 — 3
Victorian Prose and Poetry (Include Essay)	3 — 3
Foreign Classics	3 — 3
Pre-Shakespearean Literature	3 — 3

FOREIGN LANGUAGES

*In French, or Latin, after two years High School French, or three years High School Latin	18 — 18
--	---------

GEOGRAPHY

*Geography of U. S. and Canada	3 — 3
*Geography of Europe	3 — 3
*Geography of Latin America	3 — 3
*Geography of the Pacific Realm	3 — 3
Physiography	3 — 3
Economic Geography	3 — 3
Geographic Influence in American History	3 — 3
Climatology and Meteorology	3 — 3

MATHEMATICS

*Mathematical Analysis (A practical course in Algebra, Solid Geometry, Trigonometry, Analytical Geometry, the Differential and Integral Calculus.)	15 — 15
Mathematics in the Junior and Senior High School	3 — 3
College Algebra	3 — 3
Introduction to the Theory of Statistics	3 — 3

NOTE: To elect Mathematics a student must present three high school units of Mathematics of which units Algebra and Plane Geometry must have been taken in the Senior High School.

SOCIAL STUDIES

*Early European History	3 — 3
*Modern European History	3 — 3
*American History to 1865	3 — 3
*Social & Industrial History of U. S.	3 — 3
Political Science	3 — 3
The Origin of Social Institutions	3 — 3
History of Latin America	3 — 3
Economics	3 — 3

*—Subjects marked with an asterisk in each field are to be taken if this field is chosen. The remaining six semester hours are to be chosen from the list of electives not marked with an asterisk.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

SCIENCE

ab Botany I	3 — 3	b Physiology	3 — 3
ab Zoology I	3 — 3	b Anatomy	3 — 3
adc Chemistry	6 — 6	b Botany II	3 — 3
ac Physics	6 — 6	b Zoology II	3 — 3
c Astronomy	3 — 3	dc Qualitative Analysis	3 — 3
c Physiography	3 — 3	dc Quantitative Analysis	3 — 3

a, Gives certification in the field of Science; b, Gives certification in the field of Biological Science; c, Gives certification in the field of Physical Science. Chemistry and Physics are required. 6 s. h. to be elected from the remaining 12 s. h. marked c; d, Gives certification in the field of Chemistry provided the 6 s. h. of free electives are chosen from the field of Chemistry.

The Department of Music

The State Teachers College, Indiana, Penna., is authorized to offer the four year curriculum for the preparation of special teachers and supervisors of music. Graduates of this curriculum receive the degree, Bachelor of Science in Public School Music, and, in addition, the college provisional certificate which is a valid license to teach and supervise music in any public school in Pennsylvania for a period of three years. At the end of three years of successful experience in Pennsylvania and the completion of six semester hours of additional training, the college permanent certificate is received.

Requirements for Admission to the Four Year Music Curriculum:

In addition to the requirements for admission already specified for other departments, the applicant should make sure that he meets the following special requirements which are considered necessary for success as a teacher of music.

1. The possession of an acceptable singing voice.
2. A special aptitude in such matters as pitch discrimination, sense of consonance, tonal memory and in sensing rhythms.
3. A musical background as a result of private study or a successful public school music experience.
4. Ability to play the piano or some orchestral instrument representing at least two years of study.

In order to help the candidate seeking admission to determine his fitness for entrance to the music curriculum, it is strongly advised that he arrange for a personal interview with the Director of the Department of Music before enrollment day. These interviews have proven very helpful in the past in giving the student an understanding of the entire curriculum and in establishing confidence in his own ability to do the work.

Since we receive many more applications than can be accepted, it is advisable to make application and arrange for an interview early in the new year. The candidate may arrange for an interview by writing Mr. John W. Neff, Director of the Department of Music.

FEEES

A fee of \$72.00 per semester is charged each student enrolled in the music curriculum. This fee covers the cost of all regular instruction. The entire expense for one semester for a student of the music curriculum is summarized below:

Enrollment and Service Fee	\$ 20.00	
Board, Room, Laundry	144.00	
Music Curriculum Student-Fee (Including all costs for private lessons)	72.00	
Books and music including instrumental rental about	25.00	\$261.00

NOTE:—For the general statement of fees, see pages 10-13.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

THE PLACEMENT OF GRADUATES

The Director assists graduates of the department in obtaining suitable teaching positions. Much care is exercised in advising the graduate with respect to placement in order that he may render successful service. Superintendents and Supervising Principals interested in graduates of this department are earnestly requested to come to Indiana for a personal interview with the student and to observe him working in school situations.

STUDENT TEACHING

Music students teach for one year in the Training School. This work is done in the Elementary and Junior High School located on the College Campus, and in the Elementary, Junior and Senior High Schools of the Indiana Borough Public Schools. Every type of teaching or musical activity is found in our Training School program. This work is carefully supervised by members of our own staff. Due to the breadth of a music program, students do more than the required amount of teaching in order to cover fully the various grades and musical activities and be thoroughly qualified to handle any phase of teaching music in the public schools.

INSTRUCTION

The curriculum for supervisors of music which is given on the following pages prepares especially for the teaching and supervision of music in the elementary and secondary schools. It is largely self explanatory. Private instruction which is listed in each semester presents two phases of work, viz:

- 1. Private instruction in voice, piano, violin and other stringed, wood-wind and brass instruments of the orchestra and band.
- 2. Group musicianship.

In addition to the organizations listed below, students are given experience in small ensemble groups such as stringed groups, wood-wind quartets and groups, brass quartets and groups, etc. This work stimulates immediate growth and prepares the students for teaching similar groups in the public schools. It is out of these groups that the larger organizations draw experienced players.

- The larger group organizations are:
- The Mixed Chorus
 - The Vesper Choir
 - The Men's Glee Club
 - The College Orchestra
 - The College Bands

N. B.—The fifteen hours of elective work must be chosen from one field.

MUSIC COURSES OUTSIDE THE SPECIAL DEPARTMENT

The music courses of the Primary, Intermediate, and Secondary High School curricula are listed in the respective curriculum. All these courses are taught by regular members of the music faculty and the work is kept on as high a level as is that of the special courses in music.

Students outside the Music Department desiring private lessons in music may arrange for these by seeing the Director of the Department. A table of rates will be found on page 11 under Special Instruction Fee.

Department of Home Economics

The Home Economics Curriculum offers well-rounded training for teachers of vocational and general home economics in the elementary and secondary schools of Pennsylvania. Graduates of this curriculum receive the degree of Bachelor of Science in Home Economics and a provisional college certificate valid for any vocational (Smith-Hughes) or general home economics position in the public schools of Pennsylvania. Graduates of this curriculum may also be certified to teach English.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

ENTRANCE REQUIREMENTS

The requirements for admission to the Home Economics Department are the same as already specified, except that students must have one high school unit in Chemistry. The student should have at least two other units in science, preferably Physics and Biology, but these are not absolutely required. No student should apply who does not meet the chemistry requirement.

SUMMER PROJECTS IN THE HOME ECONOMICS CURRICULUM

At least one summer project is required. Two projects will be required of any student whose need demands them.

A project carried at the end of the Sophomore Year is planned so that the student may have an opportunity to continue the work in her weakest subject. This project is planned with the subject matter teacher and checked by her.

A project coming at the end of the Junior Year is selected by the student in the commercial field. The aim is to have the student seek a position which is related to her special subject matter course and she is paid for her services. A report of this project and the results obtained are reported to the subject matter teacher.

OUR NEW HOME ECONOMICS DEPARTMENT

The Home Economics Department is now located on the top floor of the new Arts Building. Here are spacious laboratories, class rooms, dining room, unit kitchen, laundry, store rooms, conference room, rest rooms and offices. The department has been carefully planned to have all the conveniences of modern architecture. The equipment is modern and adequate in every way. Superintendents who are planning home economic departments in new high schools are invited to inspect the equipment and the plan of our laboratories in this new department.

HOME MANAGEMENT HOUSE (PRACTICE HOUSE)

The Home Management House is located on the campus. It is a large airy house, attractively and appropriately furnished. It has the atmosphere of a comfortable and hospitable home.

The semester that a third-year student takes Home Management (3) she lives in the Home Management House.

The home management supervisor lives here and directs the course.

OUR NURSERY SCHOOL

In connection with the Child Development Course the Home Economics Department has a Nursery School which meets at the Home Management House one afternoon per week for a period of ten weeks each semester. Children aged one and one-half to four years, inclusive, are enrolled in this school. The Nursery School is the laboratory for the Child Development Course which is given parallel to Home Management (3). It is under the supervision of the Child Development instructor.

THE HOME ECONOMICS CLUB

The Home Economics Club is an organization which aims to develop a social interest among the students in the Department. It is the means whereby the new student finds friends and help in adjusting herself to college life, and in getting acquainted with other activities outside of the Department. Through the year the club has picnics, parties and entertainments. At the regular meetings of the club interesting programs are presented by the members. Every opportunity is offered to develop initiative, leadership and comradeship.

The officers are elected annually by the members of the club.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

THE PLACEMENT OF GRADUATES

The Director of the Home Economics Department assists all graduates in obtaining suitable teaching positions. Every effort is made to place the graduate in the community in which she can render her best service.

Graduates of the Department who are teaching and have made good teaching records are given, on application, assistance by the Director when a change in position is desired.

APPLICATION FOR ADMISSION

All applicants for admission should file their applications as early as possible. Application blanks may be obtained by writing to the Registrar.

COURSES OFFERED BOTH SEMESTERS

Costuming (Millinery), Home Management (2), Home Management (3) (Practice House), Child Development, The School Lunch, Family Relationships, and Teaching Home Economics.

*The Juniors who take Home Management (3) and Child Development the Fifth Semester take Family Relations the Sixth Semester.

The Juniors who take Home Management (3) and Child Development the Sixth Semester take Family Relations the Fifth Semester.

Costuming (Millinery) is offered in Fifth and Sixth Semesters to make the above adjustment.

Students who will teach First Semester of Senior Year take Teaching of Home Economics (Methods) second Semester of Junior Year; Student Teaching, First Semester of Senior Year; Economics, Second Semester of Senior Year.

Students who will teach Second Semester of Senior Year take Economics Second Semester of Junior Year; Teaching of Home Economics (Methods), First Semester of Senior Year; Student Teaching, Second Semester of Senior Year.

STUDENT TEACHING

Student Teaching in Home Economics is now done by our students in the Senior High School and Junior High School in Johnstown, in the Senior High School of Indiana and in the Junior High School of the Training School located on the College Campus, Blairsville High School, Elders Ridge Vocational School, and Barnesboro High School.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

This work is carefully supervised by Special Home Economics teachers in each center and also by the Director of the Home Economics Department and her training assistant.

OUR GRADUATES

The Home Economics Department of the Indiana State Teachers College has been granting Bachelor of Science degrees in Home Economics since May, 1927. The present senior class consists of thirty-two members.

Department of Commerce

OPPORTUNITIES

The State Department of Public Instruction has especially designated State Teachers College, Indiana, Pa., as one in which commercial teachers for the high schools of the State may be trained. The curriculum is four years in length, leading to the degree of Bachelor of Science in Education. Those who complete the work as outlined are prepared either to supervise or teach any or all of the commercial subjects found in any of the high schools of the State, and are certified accordingly.

A wonderful opportunity is available here for men and women of high caliber who possess the ability and ambition requisite for success in this type of work.

OUR NEW BUILDING

Our fine new building and additional equipment give us an advantage enjoyed by few colleges. We are equipped for most efficient work.

ENTRANCE REQUIREMENTS

Entrance requirements are the same as for other departments. Graduates from the Department of Commerce will find their places eventually in positions of much responsibility in the larger high schools. This suggests that only those who possess the ability, ambition, personality, and aptitudes requisite for success in such professional work and who have proved themselves in high school, should apply for entrance to the Department of Commerce.

We are prepared to accept a few mid-year high school graduates each January. Arrangements for entering at that time should be made well in advance. This also applies to those entering in September.

Graduates from any of the high school curriculums are eligible, and rank alike upon entering.

We meet every requirement laid down by the State Department of Public Instruction for teaching in the high schools of the State. We grant a fully-accredited degree recognized by the graduate schools of leading universities.

ADVANCED STANDING

Any applicant who contemplates making application for entrance to the Department of Commerce, who has had the equivalent elsewhere in a recognized school of college grade of any of the work outlined in our curriculum, may make application for advanced standing. Such application should be made as soon as convenient to the Director of the Department of Commerce.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

EQUIPMENT

The Department of Commerce is well equipped throughout with a full supply of all modern office machines. Adding machines, calculating machines, banking machines, multigraphs, mimeographs, mimeoscopes, addressographs, dictaphones, files and cabinets, and other up-to-date efficiency devices of modern business give the students a practical knowledge of the time-savers found in modern offices. Their uses are taught and mastered in this Department. Our students become very proficient in the manipulation of such machines before graduation.

BUSINESS PRACTICE DEPARTMENT

Our Business Practice Department is a complete business community in itself, and includes not only the procedure but also the actual atmosphere and environment of modern business. It is equipped for efficient and up-to-date work. Much practical business experience may be procured in our Practice Department.

PRACTICAL EXPERIENCE REQUIREMENTS

These requirements are a vital and necessary part of the prospective teacher's preparation and are in addition to the courses outlined in the curriculum. Credit is given for actual business experience previously procured and also for that acquired in our own Business Practice Department. The requirements are as follows:

1. Two months of Store Practice at places and under conditions approved by the Director of the Department.
2. Two months of Secretarial Experience at places and under conditions approved by the Director of the Department.
3. Two months of Bookkeeping or Clerical Practice at places and under conditions approved by the Director of the Department.

PRACTICAL TEACHING

Each student in training in the Department of Commerce procures more than the State requirement in hours of actual practical teaching and observation. We conduct a number of teaching centers in connection with some of the largest high schools within convenient reach. To those teaching centers our students are sent for one full semester for their practice teaching. The teacher holds a regular position in the high school and carries a full program of classes and extracurricular activities. The work is supervised and criticized by our own experienced supervisors and critics. Everything is done to afford those in training as much actual teaching experience and school contacts as possible before graduation.

THE TEACHER PLACEMENT BUREAU

A very efficient Teacher Placement Bureau is conducted in connection with the Department of Commerce for the purpose of obtaining suitable teaching positions for our graduates, and also for promoting the interests of those of our number who have been teaching for a year or more and who have made good records and desire a change. No charge whatever is made for the services rendered by this Bureau.

DEPARTMENT CO-OPERATION

It is desired that the Department of Commerce shall serve as a clearing house of commercial ideas for all the commercial teachers of the State, no matter where the teachers received their training. This is a State school—not a private institution. Our interests are in the commercial education of the entire State and Nation and are not limited to this one institution.

STATE TEACHERS COLLEGE. INDIANA, PENNSYLVANIA

THE CHAMBER OF COMMERCE

There is organized, in connection with the Department of Commerce, a Chamber of Commerce. Frequent opportunity is afforded for public discussion and debate on current, popular topics applicable to the work. This organization fosters the formation and conduct of the commercial clubs of the high schools, wherever the assistance is desired. The officers of the Chamber of Commerce are elected from the members of the student body of the Department of Commerce. The work is supervised by a member of the Department of Commerce Faculty.

GAMMA RHO TAU

This is a National Honorary and Professional Business Education Fraternity for men in commercial teaching. The purpose of the fraternity is to promote high grade scholarship and character, to encourage a research spirit among its members, to advance the professional attitude of the teacher in the class room and to forward the democratic ideal in education. The qualification for membership shall be good moral character, high scholarship and promise of marked ability as a teacher of commercial subjects in secondary schools.

PI OMEGA PI

This is a National Honorary and Professional Business Education Fraternity for men and women in Commercial Training. The purpose of the fraternity is to encourage high scholarship and high ethical standards in business and professional life, and to emphasize service as the basis of all worthy enterprise. Junior and Senior students in the Department of Commerce who have attained certain required standards in scholarship, character and professional attitude are eligible, upon invitation, to join the fraternity.

SUMMER SCHOOL

We conduct a complete summer school of commercial theory and methods for the benefit of those who have been teaching and who wish to continue for the degree. It is possible under certain circumstances for those who, for economic reasons, drop out before graduation to complete the work through summer sessions. Those interested in the summer school should write for the Summer School Bulletin.

EXPENSES

The entire expense for a school year of thirty-six weeks will amount to about \$375.00. This will cover board, room, laundry, books, term fees and department fees. Elsewhere in this catalog a detailed list of expenses will be found.

APPLICATION FOR ENROLLMENT

Enough has been given in these few pages to give you a glimpse into the Department of Commerce.

We accept a definite, limited number of the best-qualified high school graduates each year. Those who desire to make application for entering the Department of Commerce should get their applications in early, in order to insure a reservation.

For more specific information concerning the work of the Department of Commerce, write G. G. Hill, Director, Department of Commerce.

Department of Fine Arts

At Indiana the four-year course with B. S. degree in Art Education prepares students to be supervisors, as well as special teachers of art in senior high, junior high, and elementary schools.

Aside from the art courses English, science, education courses, and electives are required so that graduates from this Department have broad enough background to be intelligent teachers of their special subject.

Art instruction is given in the following: art structure, design (including commercial and costume design, and interior decoration); perspective drawing; mechanical drawing; cast drawing; drawing from the draped model and from still life; blackboard drawing; sketching from nature; clay modeling; painting, both in water color and in oil. The curriculum also includes applied and industrial arts, giving practical work in weaving, pottery, textile design, construction, jewelry, leather, and metal. The Art History and Art Appreciation Course covers all periods of sculpture, architecture, and painting.

During the senior year each student is required to teach in the Training Department where practical experience is gained from up-to-date methods of teaching art. The Director of the Department in cooperation with the Training School assists graduates to secure positions.

The fine arts instructional staff consists of seven members each of whom has had wide experience in both public school and college work. Each is a specialist within her particular field and has made contributions outside of teaching—one has been a member of the local artists' league and exhibited paintings at their annual exhibition at Carnegie Institute, another has influenced the art education of a whole state and

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

written that state's course of study, another has done several years' work in occupational therapy, another has had experience in directing art education in department stores. All of this insures a type of instruction marked by unusual breadth, versatility, and awareness of the best that is done in art.

At Indiana there is a live Art Club that numbers every member of the art faculty and the art student-body in its membership. Every year this club undertakes some project in the way of a public production for the whole college. In selecting this entertainment the club chooses a type that will lend itself to interesting stage sets, costumes, mimes, masks, grouping and lighting effects. In 1927 the performance was a "Fashion Review;" in 1928 "A Carnival;" the next year there was an assembly program in which an "Art Class of 1879" was contrasted with an art class at Indiana State Teachers College in 1929. In 1930, the projects were of a different nature and centered around the new Arts Building. Rugs and pieces of furniture were designed for the offices; invitations, handbills, souvenir books and modeled-and-cast gift objects, all symbolical of Indiana, were designed for the dedication and the functions associated with it. In 1931, one assembly of the club was devoted to a George Washington Anniversary celebration.

The entire second floor of the new Arts Building is given over to the art classes. On this floor are six studios, an exhibition and conference room, a rest room, the locker-room, the director's office, and five other offices. On the ground floor facing east campus are the pottery and kiln rooms. The finest equipment, best suited to its purpose, has been installed. All these facilities, added to instruction by an efficient staff, enable Indiana to stand in the foremost rank in Art Education.

The Summer School

The Summer School is an integral part of the year's work. Teachers in service will find the courses needed for the renewal of Partial Elementary Certificates and the securing of Standard Certificates offered in the Summer School program. In increasing measure, students in regular attendance are availing themselves of the opportunities offered in the Summer School to gain extra credit toward a degree.

Owing to the changes in certification requirements the entire character of the work done in Summer School has been modified. As long as the partial elementary certificate was granted to students who had completed high school and eight semester hours of normal school credit, the courses had to be arranged for the convenience of these beginners. Such certificates are no longer granted so very few beginning students enter Summer School. Their places are being taken by the more experienced teachers who are working for graduation either from one of the diploma or one of the degree curricula. A study of the offerings as given in the Summer School Bulletin will indicate that the courses are arranged largely for the benefit of these more mature and more advanced students. Former students and graduates of the school are urged to write for an evaluation of their credits toward a degree and to study the question of working out part of the degree requirements in Summer School.

CHANGES IN CERTIFICATION REQUIREMENTS

At a meeting of the State Council of Education in Harrisburg, December 7, 1928, a number of changes were made in certification requirements. These should be carefully studied by any teacher who is not fully certified or who is planning any change in the type of certificate which he holds.

The more important changes are:

I. *Standard Certificates*

1. Temporary standard certificates, valid to teach in a junior high school or a senior high school will be issued in the following fields only, namely: Art Education, Commercial Education, Health Education, Vocational Education, and Music: provided that

"(1) After September 1, 1931, no temporary standard certificate will be issued or validated for the secondary field except where three years of approved post-high school preparation shall have been completed. Observation, participation, and practice teaching of not fewer than six semester hours or its equivalent must be a part of the required preparation."

"(2) After September 1, 1932, the temporary standard certificate will be issued or validated for the secondary field only upon completion of four years of approved post-high school preparation."

II. *College Certificates*

1. The Provisional College Certificate is issued to any graduate of one of the four-year curricula and entitles him to teach the subjects indicated on the face of the certificate in any secondary school in the Commonwealth for a period of three years. Three years of successful teaching and the completion of six semester hours of additional approved training enables the owner to receive the Permanent College Certificate. This is a life certificate to teach the subjects in his field in any high school in the State.

In order to add a subject to a certificate in the secondary field credentials showing the satisfactory completion of eighteen semester hours of approved preparation must be presented. The addition of subjects in the secondary field to a certificate in the elementary field is no longer permitted.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

STANDING COMMITTEES OF THE FACULTY AND THEIR DUTIES

(All acts of the faculty committees are subject to the approval of the President)

Athletics

This Committee has general supervision over all public athletic games, exhibitions, and contests, and has control over the arrangements for such games, exhibitions, and contests with other schools or associations.

It has control over the finances and property of the Athletic Association, and over the purchase of needed athletic supplies.

It decides what candidates for membership on teams or for admission to athletic games, exhibitions, and contests are eligible, and it shall exclude from participation those whom it finds below the standard in their studies, or ineligible for any other cause.

It has power to appoint or remove Captains for the various teams.

Commencement

This Committee has general directive charge of the affairs of Commencement. It sees that the diplomas are ready, and has proper programs printed.

Dining Room

This Committee has general charge of all dining-room matters not coming under the official control of the Steward and Dietitian; it arranges the seating, and it is responsible for good order. In this work it has the cooperation of all members of the Faculty.

Lecture Course

This Committee selects and contracts for all lectures and entertainments for the regular college Lecture Course.

All entertainments, excepting those which come under the control of other regular committees or of the President, must receive the approval of this committee and be subject to its regulations before they shall be permitted to appear in the Auditorium.

Placement Bureau

This Committee assists graduates and qualified students to secure positions and aids school officials in procuring teachers.

It collects complete and accurate information respecting all applicants for positions who ask the assistance of the Committee.

The Committee seeks to assist school authorities in procuring competent teachers. The plan is to recommend candidates best suited to fill vacancies and not to send out general letters of recommendation.

School authorities who write the Committee will have full and confidential information in regard to applicants.

School officers are cordially invited to visit the College to inspect the work of those whom they may wish to secure to fill positions. Correspondence is invited from Boards, Principals, and Superintendents, in regard to vacancies and teachers. This information will be treated in full confidence and all possible assistance will be gladly given.

While the chief work of the Committee will be to help the students who are in attendance, yet it is the purpose to lend assistance to graduates and former students in securing for themselves more satisfactory positions. To this end the full cooperation of Alumni and former students is earnestly desired. Write to the Committee when in need of a teacher. Supply information concerning vacancies.

STATE TEACHERS COLLEGE, INDIANA, PENNSYLVANIA

Religious Work

It is the function of this Committee to assist and encourage the students in all religious work. It advises with the officers of the Y. W. C. A. and Y. M. C. A.

School Magazine

This Committee has general charge of the publication known as Teachers College Bulletin.

Social Life

This Committee has general and executive charge of the social life of the students. It directs and controls the Saturday evening social, and all other social affairs at the schools.

ADMINISTRATIVE EMPLOYEES

CAMPUS TRAINING SCHOOL ENROLLMENT FIRST SEMESTER 1931-32

Kindergarten	64	Sixth Grade	42
First Grade	49	Seventh Grade	47
Second Grade	41	Eighth Grade	45
Third Grade	36	Ninth Grade	26
Fourth Grade	45		
Fifth Grade	42	Total	437

In addition to the Campus Training School, Practice Teaching is done in the Primary and Intermediate Grades in Indiana, Altoona and Johnstown. In these centers a total of about 1,600 students in grades one to six are being taught by student teachers under the direction of competent critics. A special full-time supervisor is employed to direct the work in Altoona and Johnstown; in the Indiana Public Schools highly qualified supervisors and training teachers supervise and direct all student teaching in the primary and intermediate fields. Student Teaching in the special departments is also done in several high schools within reach of the College so that the total number of pupils being taught by student teachers is about 3,000.
